Irish Ghosts, Banshees & Fairies

Join us at The H.A.R.P. Museum at the Irish Cultural Center of the Mohawk Valley on Wednesday, October 25 at 7:00 PM and learn about the origins of Halloween from the Irish Samhain tradition.

In old Ireland, Halloween was known as Samhain - the time of year when the barrier between ours and the spirit world was thinnest. Many of our best-known scary legends and Halloween symbols: Jack O' the Lantern, witches on brooms, costumes, and trick-or-treating trace their origins to Ireland. Our seanchaí agus ceoltoirí (storytellers and musicians) will be Susan Romero, Bill Fahy, Mike Carroll and Mike Hoke of Craobh Dugan-O'Looney. Join us on Wednesday, October 30, at 7:00pm for spooky stories and real fairy tales from Irish folklore.

The event will be held at the Irish Cultural Center of the Mohawk Valley, 623 Columbia St, Utica, NY. The Irish Cultural Center and the H.A.R.P. Museum are wheelchair accessible and open to all. Please visit our events calendar at <https://www.iccmv.org/my-calendar/> for the Eventbrite link to register for this free event or leave a message at the ICC 315-733-4228 Extension 6.

Strumming Success: Childbloom Guitar Program Hits the Right Chords for Young Musicians

Music is more than just a melody; it’s a journey of growth, creativity, and self-expression. The Childbloom Guitar Program is excited to announce its arrival in The Mohawk Valley with a harmonious blend of education and inspiration for young aspiring musicians aged 5 and up. Under the guidance of skilled instructors, this innovative music education initiative promises to strike the right chords in nurturing budding talents. Led by the esteemed Dr. Kenneth Meyer, the local Director and a passionate music educator, the Childbloom Guitar Program boasts a range of features designed to ensure young learners find success and joy in every strum.

Instructor Trained in Child-Development: At the heart of the program is an instructor who understands the unique needs and stages of child development. With this tailored approach, every lesson becomes an opportunity for growth and achievement.

Parent Monthly Newsletter: Music education doesn’t stop at the classroom door. With a monthly newsletter, parents gain insights into their child’s progress, learning objectives, and tips on how to provide support at home, fostering a true partnership in their musical journey.

Teaching in Small Groups: Collaboration and ensemble skills are cultivated through small group lessons. Children not only learn from the instructor but also from each other, creating a supportive musical community.

Use of Small Guitars: The program’s utilization of small guitars ensures that young fingers can navigate the instrument with ease. This thoughtful approach eliminates unnecessary challenges and empowers children to achieve early successes.

Step-by-Step Comprehensive Curriculum: The Childbloom Guitar Program follows a carefully crafted curriculum that presents skills in an accessible, easy-to-play manner. This methodical progression guarantees that young learners build a strong foundation for a lifelong musical passion.

Unique Online Practice Club: To enhance home practice, the program offers an innovative online practice club where students can visually and audibly engage with the music they are learning. This resource serves as a helpful guide, making practicing enjoyable and effective.

National Contests: The program introduces national contests, providing children with tangible goals to strive for. These contests not only celebrate achievements but also instill a sense of purpose and dedication.

Affordable: Making quality music education accessible to all families is a core principle of the Childbloom Guitar Program. Its affordability ensures that more children can experience the transformative power of music. For additional information, please visit: www.mohawkvalleyguitar.com. If you are interested in learning more about Ken, please visit his website at www.kennethmeyerguitar.com.

Enriching young lives through music, the Childbloom Guitar Program is set to become a resonating success story in the Mohawk Valley. Join the chord-strumming journey and help shape the future of our young musicians. Classes are opening now! Reserve a spot for your child today!

Decorative Slates for Sale

Used Book Donations

Thank you for thinking of us for your “gently” used books. Please limit your donations to one box/bag at a time and drop off at the circulation desk and not in the hallway, at drop boxes or outside the door when the library is closed, Thank you.

• We are currently accepting newer fiction & non-fiction hardbound and paperback books and magazines. As well as records, DVDs, Children’s books, puzzles and games.

• We DO NOT accept moldy/damaged books, textbooks, medical books, encyclopedias, Reader’s Digest Condensed books, National Geographic magazines, and multi-volume book sets. We are also no longer accepting Audio cassettes, VHS tapes, and Computer games/books.

This is a major fundraiser for the Friends to assist the library in buying quality materials and in providing programs especially for our youth. Your support is very important.

Community Outreach

We are hitting the road and would love to come to your organization! Are you involved with a preschool, daycare, summer program or assisted living center? We would love to come to your organization and share more about our upcoming programs, issue library cards and provide programming to your facility. For more information, please contact our Library Director, Anne 315-733-1535.

Literacy CNY

Need some tech help? We have a volunteer at the Library each Monday and Tuesday from 11:00-2:00. Literacy CNY provides trained individuals to assist patrons on a one on one basis. They look forward to helping our community. We greatly appreciate this service they are offering our patrons.

Interested In Using Our Window Display?

The display case at the Library's main entrance is available without charge for community groups or individuals to display works of art, collections or educational displays. Exhibits must be in keeping with the Library's mission to meet the educational, cultural

and recreational needs of the community. Exhibits may not be for entrepreneurial or commercial purposes, for the solicitation of business for profit or for fundraising. Religious proselytizing and partisan political recruitment are similarly prohibited. Applications for the case are on a first come, first served basis and are limited to one month, with displays also limited to one per year per individual, group or organization. Exhibits will be reviewed in advance before being displayed. Applications for use of the case are available at the Library's front desk. If you have any questions or are interested in using the display, please call the Library and ask to speak to our Display Case Coordinator, John. 315-733-1535

Erie Canal History Featured in October

Explore the history of the Erie Canal throughout the month of October with exhibits, displays and a special program at the New Hartford Public Library.

October plays a key role in the history of the canal. The first segment of the canal – between Rome and Utica – opened in October of 1819. The full length of the canal – from Albany to Buffalo – opened in October of 1825. The canal helped open the interior of the United States and sparked growth and development in Mohawk Valley communities in the process.

Programs include:

History exhibit: A special exhibit on the canal’s history, on loan from the Central New York Library Resources Council, will be on display near the fireplace in the center of the library. Four panels will outline the construction challenges posed by the canal, the movers and dreamers who made it possible, the unique culture of the canal and the how the canal not only became an important waterway for trade, but an “information superhighway” for ideas.

Library talk: Join us at 6 p.m., Monday, Oct. 16, at the library for a presentation on the role beer played in canal history. (See related article for details.)

Artifact display: The showcase at the library’s main entrance will feature a variety of canal-related artifacts and images, on loan from three area museums. Items include canal-related tools, drawings and postcards featuring canal scenes and vessels, and canal commemoratives. The library expresses its thanks to the museums loaning material for this project. They are the Oneida County History Center in Utica, the Erie Canal Museum in Syracuse, and the Chittenango Landing Canal Boat Museum.

Books for check out: A limited number of books about the canal’s history and fictional accounts of life on the canal will be available for check out.

Maps: Maps and brochures about the present-day canal and information about the museums will be available for patrons to take home.

Beer and the Erie Canal – making the connection

Join us Monday, Oct. 16, at the New Hartford Public Library for a program exploring the connection between beer and the Erie Canal.

Derrick Pratt will present *The Beer-ie Canal Was A-Risin’*: Brewing on the Erie Canal. The program begins at 6pm in the library’s Sammon Room. According to Pratt, the Canal was a transformative waterway for various industries along its route, including brewing, which flourished from Albany to Utica to Buffalo. This discussion examines the Canal’s beer boom in the 19th century and its new one in the 21st.

Pratt is the Director of Education and Public Programming at the Erie Canal Museum in Syracuse. A native of Chittenango, he received a B.A in Social Studies Education from SUNY Cortland and a M.A. in Museum Studies from Syracuse University. Prior to his job at the Erie Canal Museum, he served as Director of Programs at the Chittenango Landing Canal Boat Museum for three years.

Pratt will welcome questions at the end of the program.

The program is free and open to the public.

Annular Solar Eclipse Viewing Party at NHPL

Join us October 14th from 12:30-2:30 as we host a safe & fun way to view the solar eclipse! We will provide special viewing glasses. DO NOT look at the sun without special viewing glasses. *Glasses are limited.* The peak viewing time in New Hartford will be around 1:17pm but we will be offering exciting activities during the eclipse. For more information please call the library at 315-733-1535.

All Fun no Tricks at the NHPL; Saturday October 28

Family Pumpkin Carving Extravaganza

We are excited to announce that The Family Pumpkin Carving Extravaganza is coming back to the library. Join us Saturday, October 28 from 10:30am-12:00pm as we carve pumpkins together. In order to ensure that we have enough pumpkins and that all children are kept safe we are asking that participants sign up for one pumpkin per family. Parental/adult supervision and participation is required. *Pumpkin registration begins Friday, September 29th.*

Trick-or-treating at the Library

We would love to see your costume! There will be special treat stations throughout the library October 28th after our pumpkin Carving Extravaganza. The stations will be up and running from 12-1pm. We hope to see you there!

Park Passes Are Back!

Once again, the Friends of the New Hartford Public Library are supporting our Park Pass Program. Through their generosity, we will be allowing our patrons to check out the following park passes which will allow our patrons a discounted entry rate:

The Wild Center, Fort Rickey Children's Discovery Zoo, Adirondack Experience, Munson, Utica Zoo.

Empire Passes must be placed on adult library cards and must be returned to the New Hartford Public

Library Circulation Desk. Please call 315-733-1535 for more information

Community Rooms

Community Rooms will be available for groups and organizations to use. You can find more information on our website (<https://www.newhartfordpubliclibrary.org/reserve-a-room/>), by calling 315-733-1535, or by visiting our Circulation Desk at the Library.

Book Clubs

Are you interested in joining a book club, currently in a book club, or looking to start one? If your club needs to order books or if you are interested in starting a book club, please call the Library and ask to speak to our Book Club Coordinator, Danielle. 315-733-1535

>**Ruth Anne Mystery Book Club** reads mystery novels. They meet on the second Saturday of the month at 11am. For more information please contact the library.

>**Wanderlust Book Club** reads fictional novels, ranging from current to historical. They meet on the first Thursday of the month. For more information please contact the library.

>**Women (and Men) of Mystery:** If you love reading mysteries or just want to know more about them, join Women (and Men) of mystery. While we are a book group, there is no required reading but rather an exploration of those whose words entertain, puzzle, and sometimes even scare us. You might learn more about some favorite authors or add some authors and books to your to-be-read list. Join us (via Zoom) on Saturday, October 28 at 11:00 as Janet Hoover leads us discussing books that are a Blast to the Past: Kareem Abdul-Jabbar, Deanna Rayburn, and Barbara Cleverly. Call the New Hartford Public Library (315-733-1535) for the Zoom link.

The After Breast Cancer (ABC) Group

The After Breast Cancer Group will be meeting on Saturday, October 7th at 11:00 am.

You’re Going To Flatten: What to Expect at Your Imaging Appointment. Tips from Sheila Hosler And Mammography Technologist

The Imaging Center, Mohawk Valley Health System
This presentation promises to give you a better understanding of why the mammography technologists, do what they do. Sheila will also discuss the difference between screening and diagnostic mammograms, the need or compression view, and why additional views may need to be taken. She’ll also review the use of ultrasound and MRI in breast screening and breast care and how they are used in diagnosis.

Sheila has been doing mammography for 27 years and joined Faxon St. Lukes Healthcare in 1990. She currently works at the Imaging Center doing mammography, biopsy scheduling, and assisting with stereotactic biopsies. She notifies doctors’ offices of the need for biopsies, she also assists with needle localization procedures for women who are undergoing breast surgeries.

NHPL to Offer Social Security Information Program

The New Hartford Public Library is offering a complimentary Social Security Information program on Tuesday, October 10th from 6:00-7:00 PM for pre-retirees ages 55-70. This one-hour financial education program is designed to help attendees learn the basics of Social Security and how to best apply the information before collecting benefits.

Answers to frequently asked questions will be provided:

When is the best time to collect my Social Security benefits?

Can I collect benefits if I’m still working?
Is it better to collect benefits sooner rather than later?
How are my Social Security benefits calculated?
Should my spouse collect benefits on his/her own earnings history?
This event has been a longstanding library program and is being presented as a community service by John Kalil, a Financial Advisor and the Founder & President of Retirement Solutions, LLC. The program is open to the public and there is no cost to attend. Due to seating limitations, advance registration is required. To RSVP, please contact the library directly at (315) 733-1535 or email john@retirementsolutionsllc.com

New Hartford's Old Burial Ground, History, Mystery, and Modern Forensics

Presented by Ray Philo of the New Hartford Historical Society. 10/22/23 at 2:00pm

Areas to be covered in the presentation:
History of the burial ground to include notable early settlers buried there including Revolutionary War Veterans.
The condemnation (and controversy) of the burial ground in the late 1940s to provide room to build the "new" High School on Oxford Road.
The process of removing the many human remains from the cemetery.
The discovery of human remains on the High School property in 1990, 2003, and 2009.

Partnering with a Forensic Anthropologist from Utica University to evaluate and possibly identify the remains. A full forensic report was provided to the New Hartford Police Department.
The final disposition of the human remains discovered in 1900-2009 consistent with appropriate laws.

December - Decorate the library

A Note from Friends of NHPL Bloomin’ 4 Good Success

Thank you to Hannaford, Kellogg Road location, for their support of the Friends through their Bloomin' 4 Good Program in May. For every bouquet purchased a dollar was donated to the Friends to assist the Library in purchasing quality materials and programs for our community. \$94 was raised! Thank you to Hannaford for their giving back to our community and to all who participated.

Mitten Tree

It's time again to think about our mitten tree. Last year 68 pairs of mittens were donated to the Thea Bowman House to warm the little hands of those that attend their programs. Let's beat that record this year! Dust off your needles and roll your skeins.....start a coffee hour..... and let's fill every branch.

Support the New Hartford Public Library with a Membership in the Friends

Become a Friend of the NHPL. Benefit the library with your assistance as needed. There is always a need!! Your membership also helps to financially assist the library in providing materials, programs and a variety of opportunities for our community.

Death Café

Clinton Death Cafe is coming to the New Hartford Public Library!
Thursday, October 12, 2023, 1:00-2:30
Come join us for coffee, tea, cake and compelling conversation! Death Cafe is a global movement to get people talking about death and end of life issues in a comfortable, relaxed (dare we say fun!) environment with the view of making the most of their finite lives.
A Death Cafe is a group-directed discussion with no agenda or objectives. The aim is to shift the conversation about end of life from avoidance to one of familiarity and comfort. There's no obligation to talk; many people just come to listen....and eat cake!
For more information on Death Cafes go to deathcafe.com or our Facebook page (Clinton Death Care)
Questions? Contact us at clintondeathcafe@yahoo.com. Please note: this is not a support group.

VILLAGE OF NEW HARTFORD
CURBSIDE JUNK COLLECTON GUIDELINES

The following pertains to **VILLAGE OF NEW HARFORD** residents only
and **does not** include the **TOWN OF NEW HARTFORD**.

For more detailed information, refer to your Village Garbage Collection flyer or
call the Village DPW at 315-724-0379 or the Village office at 315-732-1147.

The Village of New Hartford will have a curbside junk pick up on **Monday, October 9, 2023**. Materials must be at the curb by 5:00 am on October 9th.

Materials must be sorted into separate piles as listed below:

- 1) **Household Junk**: lumber bundled, piled parallel with the roadway, roofing and plaster in containers weighing 60 pounds or less, furniture without fabric, porcelain sinks, toilets, and storm windows

2) **Sanitary Waste**: clothes, bedding, stuffed furniture, hardcover books, empty paint cans with lids removed, and toys

3) **Metal**: major appliances and metal products

4) **Tires**: Tires must be off rims and no larger than 16". No large truck or tractor tires
- ☐ **Only one pickup of each category listed per street.**

☐ **Nothing longer than 8 feet long will be collected.**

☐ **Collection limits for categories #1 (Household Junk) and #2 (Sanitary Waste) are each limited to a pile not to exceed 4' wide, 8' long, and 3' high.**

The DPW will not accept:

- 1) **Recyclable materials, lumber exceeding the limit stated above, and shingles not contained.** For construction and demolition projects, please contact the Village DPW or a private waste hauler to make arrangements for a dumpster.
- 2) **Propane cylinders and liquids such as paints, thinners, waste oil, herbicides, and pesticides.** These items may be disposed of at the Oneida-Herkimer County Waste Authority drop site per their collection schedule. For more information, call 315-733-1224.
- 3) **Automotive batteries.** Due to employee and environmental hazards, batteries may be returned to a redemption or recycling facility.

Thank you for your cooperation with sorting materials and observing these guidelines.
It helps reduce costs and insures the continuation of this program.

VILLAGE OF NEW HARTFORD GREEN WASTE AND LEAF COLLECTION

Leaves, grass clippings, and brush will be collected every Wednesday through the end of September. Brush must be bundled and leaves, grass, and trimmings must be contained in reusable cans. Limbs must be less than 12" in diameter and less than 6' long for collection.
From October 1st through November 15th, leaves will be collected loose at the curb once weekly. Please keep leaves separate from brush pile. Plastic bags used for leaves and green waste are not permitted and will not be collected. Please do not pile leaves in the roadway.

HELEN M. SARANDREA PHYSICAL THERAPY & SPORTS CARE

OVER 40 YEARS OF UNMATCHED ORTHOPEDIC CARE!
8200 SENECA TURNPIKE, CLINTON, NY 13323
(315) 738-1671 HELENSARANDREAPT.COM

Every October we celebrate National Physical Therapy Month to help raise awareness of how physical therapy can help your individual health care needs! Physical therapists are movement experts who improve quality of life through hands-on care, patient education, and prescribed movement. They are a key part of your health care team; working with other health care professionals, like your primary care provider, to help you maximize your movement and empower you to be an active participant in your care!

Physical therapy can help you improve your mobility and function, manage pain and chronic disease, improve strength and balance, recover from, and prevent injury, and avoid surgery or rehab afterward. Physical therapists work with you to develop strategies and treatment plans to achieve your fitness, wellness, and job or sport-specific goals.

Physical therapists and physical therapist assistants work with people of all ages and abilities. They provide care that's specific to your body and lifestyle. Barriers to movement and physical activity can be small or large, real, or perceived. Whatever barriers may be preventing you from doing what you enjoy, physical therapists will partner with you to create a safe and effective program to get you moving.

Physical therapy can help you- maximize your movement, achieve the recommended amount of physical activity, manage pain safely and avoid surgery!

Corks for a Cure

A wine tasting is planned for Tuesday, October 17 at Prospect Falls Winery. Corks for a Cure will benefit Making Strides Against Breast Cancer and is sponsored by team Penguin Platoon. The event takes place from 5:30 – 8pm at the winery, 400 Academy Street, Prospect.

Advance tickets are \$20.00 per person and are available by contacting team captain Carol Buczek at 315-831-3052 (leave a message), or they can be purchased at the winery during business hours. Admission will be \$25.00 at the door the night of the event if tickets are still available. Since capacity is limited you are advised to purchase in advance or check on availability prior to showing up. This event has sold out in previous years. Look for the event Corks for a Cure on Facebook for information and updates.

Admission includes a tasting of Prospect Falls Wines, an assortment of appetizers and desserts, door prizes, and raffles. You are encouraged to wear pink to the event to show your support during Breast Cancer Awareness month.

Money raised by Making Strides helps the American Cancer Society ensure no one faces breast cancer alone by funding innovative breast cancer research, creating awareness for early detection, and free patient services including rides to treatment and overnight stays at Hope Lodge. For more information about Making Strides Against Breast Cancer, call the American Cancer Society at 1-800-227-2345

Flags along the Memorial Parkway last November in honor or memory of local heroes.

Flags for Heroes Event Supports Post-9/11 Veterans

One thousand American flags will once again grace the median of the Memorial Parkway in Utica in early November in remembrance of our veterans, active military, and first responders. This year marks the ninth annual Flags for Heroes sponsored by The Good News Center with money raised from this event benefitting

Sitrin’s Military program. Sitrin’s program specifically helps post-9/11 veterans. Typical therapies such as occupational, physical, and psychological are a part of the treatment, but they also use atypical therapies such as equine therapy and movement therapy. Additionally, they may spend time in nature at Sitrin’s Camp as a part of the intervention. The program continues to evolve as it works to meet the specific needs of each individual veteran. Most of these nontraditional therapies are out-of-pocket expenses for veterans. Funds raised through events such as Flags for Heroes allow Sitrin to provide treatment to veterans at no cost to them. Through the efforts of all those who sponsored a flag, The Good News Center was able to donate \$22,000 last year to Sitrin’s Military program with more than 910 flags sponsored. The goal this year is to have all one thousand flags sponsored in order to raise even more funds for this worthwhile cause.

We invite you to walk amongst the flags any time from November 2nd to 12th. It is not uncommon to hear the stories of some of the heroes as their family members reminisce. A Recognition Ceremony will also be held to honor all veterans and active military at The Parkway Recreation Center on Saturday, November 11th at 3:00 pm. Everyone is invited to attend the ceremony. To sponsor a flag please visit www.thegoodnewscenter.org or call 315-735-6210. A tag will be placed on an impressive eight-foot flagpole in honor or memory of a loved one who is a hero in some way to its sponsor. Flags can be requested for veterans, active-duty military, fallen servicemen and women, first responders, and all other heroes in our lives. Be a part of the Healing Field experience and sponsor your flag today.

Blessing of the Animals Sunday, October 1st at 1pm Clinton Village Green Gazebo

Bring your pet to be blessed and some pet food to donate to The Country Pantry. In celebration of the Feast of St. Francis, we seek to bring awareness to the need of pet food for food banks, often failing to recognize that many folks living on a fixed income, often alone, have companion animals that need support as well. Sponsored by the Clinton Area Ministerium For more information, contact Pastor Scott Leonard at 315-723-7420 or srleonard@roadrunner.com

ATTIC AND BASEMENT MOLD:

The CDC concluded that “excessive exposure to mold-contaminated materials can cause adverse health effects in susceptible persons regardless of the type of mold or the extent of contamination.” The CDC based some of its findings on a landmark 2004 report, Damp Indoor Spaces and Health, by the Institute of Medicine (IOM) of the National Academies. Relying on the IOM report, and dozens of studies and reports that have been published since, many organizations and individuals that must deal regularly with mold problems have begun to take steps to reduce the threat. Attics and basements are one of the most common areas of mold growth in the home. Wherever they grow, molds must have some source of water and food. The accumulating evidence has shown that problems with mold can surface anywhere in the world after just one or two days of moisture exposure, in settings wet or dry, hot or cold. Attics tend to have the perfect conditions for mold growth (hot, humid, and an abundant food source consisting of the wood framing and sheathing). Basement mold is a common problem in many homes due to ground water seepage mainly at the base of the walls around the perimeter of the basement. If mold is discovered, the best approach is to deal with it promptly. Disaster Services is a NYS licensed mold contractor and can evaluate and thoroughly explain the different removal options available to you and also help guide you after the mold has been removed with suggestions to avoid another occurrence.

WATER DAMAGE... Burst pipes, Toilet Overflow, Sump Pump Failure...

A few examples of the many disasters that happen daily in homes and businesses. Water damage caused by leaks, flooding or condensation can do more than cause unsightly stains in your home. It can cause permanent structural and mold damage. Disaster Services is a locally owned company with over 39 years of experience in all phases of water and mold damage. Disaster Services is a NYS licensed mold contractor and can accurately evaluate your homes damage following any type of water damage and advise as to the most effective course of action to take. We use the latest technology including thermal imaging to determine the source of the water intrusion and the extent of water damage. We are not a franchise which means you will get the owner on site through-out the project to fully answers any concerns that you may have. We have proven to be the leading disaster mitigation company in the area with hundreds of satisfied clients both commercial, industrial and residential.

SEWER AND DRAIN BACK UP:

Sewer overflow or drain back-ups can present a more technical approach to the clean- up due to the contaminates involved. Porous, semi-porous building materials and contents will generally involve removal where affected by sewage, followed by proper remediation cleaning and disinfecting procedures. Most homeowner’s policies do not cover sewer backup unless specific sewer backup insurance coverage is added. If your home falls victim to the damages of backups or overflows and you aren’t covered, you’ll be liable for home repairs and cleaning costs out of pocket. Sewer backup insurance coverage can be added to a homeowners insurance policy for as little as \$50 a year!

Disaster Services is a locally owned company that has been serving Oneida, Herkimer and the surrounding counties for the past 39 years and we set the bar for our competitors. We have proven to be the leading disaster mitigation company in the area with hundreds of satisfied clients both commercial, industrial and residential. We realize that in your time of need you should be speaking to a live voice, not a machine. When you call Disaster Services you will not reach an operator and have to wait for a call back during your stressful time, you will reach the owner and you will get immediate answers to your questions. Disaster Services is capable of handling any size residential or commercial flood or fire emergency and are able to service all phases of the job so that the homeowner need not worry about contacting multiple contractors for any additional trades that may be required. We will protect your property from further damage, develop a job scope and work closely with both the homeowner and the insurance carrier until job completion. We can even offer temporary heat to your home if necessary and also have a wide range of non emergency services. Remember Disaster Services if you are in need of help from damage resulting from water, fire, smoke or mold damage. Our services are 100% satisfaction guaranteed and available 24 hours a day, 365 days a year simply by calling 315-797-1128 and REMEMBER TO TELL YOUR INSURANCE COMPANY YOU REQUEST AND WILL BE CALLING DISASTER SERVICES.

New Hartford Highway News

submitted by Highway Superintendent, Richard Sherman

October is here and a reminder the Town Highway Department will start picking up leaves shortly. Please don't put leaves in plastic bags or containers. Place the leaves to the curb so that our leaf vac trucks can pick them up. Once the leaves start falling the trucks will be out every single day. Please don't mix the leaf piles with other debris like sticks, dirt, rocks, brush, and pumpkins.

The Brush Collection is finished for the 2023 season. We will not be picking up any

trees, and brush until next season. The compactor trucks will still be out to pick up the green waste of flowers and grass clippings. The drop off trash program at the Highway Garage is finished for this season.

Our next stormwater project is located near the Hughes Lane, Roman Rd, Oxford Rd area. We will begin on this project in the next couple of weeks, will start with cleaning the ditch on Roman Rd and working our way up the hill. Then we will start building a road and cutting trees where the pond is going. This project is also funded through the Oneida County Soil&Water program and Oneida County.

The Highway mechanics have started working on the plow equipment to get it ready for the upcoming winter season. The Highway trucks are being checked and the plows, wings and hoppers will be installed for the 2022-2023 winter.

The Highway department is still working with FEMA for reimbursement on our projects. The FEMA project in Sauquoit Creek is finished at Hillside Gardens. The athletic park in Washington Mills is out to bid, this will start late this fall. The Rayhill Trail repair is still being engineered and Clinton Street Bridge has been placed together with FEMA and the State working together to get this back on track to get the necessary repairs done. This bridge project is in the design stage.

Curb Side trash will start the first week in October in ward 1. The second week trash will be picked up at the curb in ward 2. The third week trash will be pickup in ward 3. The fourth week trash will be picked up in ward 4. Any questions please call or e-mail me.

You can contact me either at 315 534-2998 or e-mail at rsherman@townofnewhartfordny.gov.

ELECT
JOHN LATINI

NEW HARTFORD TOWN COUNCILMAN, WARD 2
OUR TOWN. OUR FUTURE.

John and his wife Lucille have been residents of the Town for more than 20 years, while also owning the John Latini Salon located in the Hannaford Plaza on Kellogg Road. He was appointed by the New Hartford Town Board and has served as a Planning Board Member for the past 3 years. In addition to his full service hair salon, John also drives school bus for the New Hartford School District.

Ward 2 is a very diverse Ward starting in NY Mills and traveling along Rt. 8 to the area encompassing Higby Rd, portions of Oneida Street, and on over to Valley View Rd, Tilden Rd and Graffenburg Rd.

Latini notes that his 30 years of customer service experience has served him well in problem solving. He is very passionate about assisting neighbors and friends with problems that can be fixed by just communicating. As Councilman, John is committed to immersing himself into ensuring that our neighborhoods are protected and will be against any re-use that is not right for any part of our Town. He has been endorsed by the Oneida County Conservative Party, New Hartford Republican Committee and New York State United Teachers (NYSUT).

"I believe we are very fortunate to live in a Town where we have a great quality of life – beautiful parks, the great Rayhill Walking Trail, good schools and excellent police and fire departments. I want to do everything I can to see that continue while working to keep Town property taxes low.

Ward 2 is facing the effects of flooding on our hills and when elected, I will work closely with town and county officials to isolate funds to mitigate damage from severe rain events that are affecting our homeowners. In addition, I am very concerned about the re-use plan of St. Luke's which also exists in Ward 2, and NY Mills residents need to be part of that conversation because it is their backyard."

‘New Hartford's Old Burial Ground, History, Mystery, and Modern Forensics’

Presented by Ray Philo of the New Hartford Historical Society.

Sunday, October 22, 2023 - 2pm

New Hartford Public Library - Sammon Room

Free and Open to the Public

Areas to be covered in the presentation: - History of the burial ground to include notable early settlers buried there including Revolutionary War Veterans. -The condemnation (and controversy) of the burial ground in the late 1940s to provide room to build the "new" High School on Oxford Road. -The process of removing the many human remains from the cemetery. - The discovery of human remains on the High School property in 1988, 2003, and 2009. -Partnering with a Forensic Anthropologist from Utica University to evaluate and possibly identify the remains. A full forensic report was provided to the New Hartford Police Department. -The final disposition of the human remains discovered in 1988-2009 consistent with appropriate laws.

Raymond Philo, a lifelong resident of New Hartford, served as Police Chief from 1993 until 2010. He currently serves as a professor of Criminal Justice at Utica University. Professor Philo will discuss the local history, conflict, and modern forensics

that answer some of the questions related to the 2-century long mystery.

The presentation will look back at a former all female Academy that had its origin in the mid 1830’s. We’ll explore its evolution into a co-ed institution, and later a state-run entity to help re-assimilate returning WWII soldiers into the workforce. From a modest beginning to the Community College we have today and a list of “Who’s Who” that helped shape the future of education in the Mohawk Valley.

Vacation Exercise Mishaps

submitted by Jim LaFountain, All American Fitness Center

My wife, Cindy and I enjoyed an Alaskan vacation for nearly two weeks, seven at sea, five on land and two traveling. We exercised daily, on the cruise ship, at hotel fitness facilities and outdoors at the base of North America’s highest mountain, Denali. For 43 years, we have done our best to instruct proper exercise form, appropriate sequencing of exercises in a workout, specific movements for all body parts and prudent nutritional practice. Working out among people from all over the world was a real eye opener. We saw how the internet may be passing along inaccurate fitness information and how some public facilities are not instructing properly. Some of the common mistakes we witnessed were:

***Poor Exercise Form**-this may be the most common exercise mistake of all. Too often, programs place most of the emphasis on sets and repetitions and not on proper form. Aimless and sloppy performance of a prescribed number of repetitions is useless. A quick review may be of benefit here. A “set” is a number of repetitions performed continuously without stopping. Performing less than six repetitions in a given set, tends to improve strength. Sets of 6-12 reps produces muscle hypertrophy (increase in muscular girth) and more than 12 reps encourages improvement in muscular endurance. Proper form requires that each rep must be performed, taking two seconds to move the weight from its starting position, followed by a one second pause, in order to prevent dangerous momentum and a four second return to the reps starting position. Throwing a weight through a range of motion, in order to complete a prescribed number of repetitions is not only dangerous, but ineffective. The majority of folks we watched exercise while on vacation demonstrated poor form.

***Improper Exercise Sequencing**-the order with which you place each exercise

in a workout is critical. Resistance Training 101 suggests performing exercises addressing the largest muscles of the body first in a workout, followed by exercises that stimulate smaller muscle groups.

Exercises that address the legs and upper back should be done early in the workout. Movements addressing the chest and shoulders done next, and ending a workout with exercises that stimulate the arms, calves and abdominals. We observed “vacation exercisers” doing biceps curls and triceps extensions first in their workout. Fatiguing those smaller body parts early in the workout dramatically compromises the performance of movements addressing the larger muscle groups. Bottom Line: Large to Small.

***Stretching Mishaps**-in order for a stretch to be effective, the body’s core, which can be defined as anything but arms and legs, must be engaged. Simply touching our toes with our fingers doesn’t cut it. A slight arch of our lower back, combined with minimal abdominal contraction makes straight leg toe touching optimally effective. Again, every stretch should begin with an engagement of our core.

***Atrocious Nutritional Behavior**-we indulged in small portions of desserts and when we returned home, we stayed away from the scale for a few days. Although being detained on a cruise ship for seven days may encourage everyone to eat more of the foods they generally don’t eat, the gluttony we witnessed while at sea was mind boggling. Before, during, after and in between meals, we saw multiple servings of ice cream, pastries and candies being ingested by the vast majority of cruisers. Again, a small piece of pie for dessert was a real treat for Cindy and me. We do our best to follow a low glycemic load nutritional program at home and for the most part, made fairly good nutritional choices on vacation. It’s quite easy to see why the majority of humans wandering our planet are obese.

For 43 years, Cindy and I have done our best to create a fitness environment where we exercise properly. We have come to take it for granted that everyone uses good form, sequences appropriately, engages their core while stretching and makes prudent nutrition choices. Exercising with the general population, while on vacation was a real eye opener.

NHFD News

Your New Hartford Volunteer Fire Department responded to 133 alarms during the month of August as indicated by the monthly call report listed below by category:

- Fires = 1
- EMS = 75
- Hazardous = 7
- Service Type = 19
- Good Intent = 12
- False Alarms = 17
- Other Alarms = 1
- Weather Related = 1
- Total Calls for the Month of August 2023 = 133.
- Of the 133 alarms, 116 were in the town and 16 were in the village and 1 mutual aid alarm.

This brings the total number of calls year-to-date through August 31, 2023, to 877.

Some of the calls listed above - such as Fires, EMS, and Hazardous - are self explanatory. Others such as Service, Good Intent and Other Alarms are not. Service Calls includes water or animal p9larms, roblems, public assistance or standbys. Good Intent refers to responding but did not find anything or canceled in route. Other alarms include explosions, carbon monoxide, smoke or sprinkler detector activations.

The figures above do not include other activities by members of the department such as Fire Prevention details, training, parades, Open House and other various department committee meetings that take place throughout the year.

NHFD Schedules Annual Halloween Parade

The New Hartford Volunteer Fire Department will host its Annual Halloween Parade and Open House on Tuesday evening, October 31, starting at 6pm at the Fire House on Oxford Road in the Village.

The evening begins with a parade that departs the fire house promptly at 6pm, proceeding on Oxford Road to Sanger Avenue where it will turn right onto Sanger to Pearl Street. The parade will turn right onto Pearl Street to Park Avenue ending at the station.

Costume judging, by age groups, will begin immediately following the parade. The children’s costumes will be judged in several age brackets each with four categories. The categories include: the funniest, the scariest, cutest, and most original. There will also be a family category and best group theme. Prizes will be awarded for 1st, 2nd and 3rd place. Refreshments of cider and donuts will be served.

The parade may be canceled in the event of inclement weather, however, the open house and costume judging will take place inside the fire station.

Roof Project: Stone Presbyterian Church

In the spring of 2024, Stone Presbyterian Church in Clinton will be placing a new roof on the building. The current shingles were installed over thirty years ago, and the roof has developed various leaks. Some shingles have blown off the roof, prompting additional concerns for safety and interior damage. Even though the church has seen that these areas are repaired, it is clearly time for a new roof. Contractors and engineers have been consulted for this very extensive undertaking, and the work is scheduled for June, 2024. The expected cost for this project is \$45,000.

Stone Church has a long and rich history. The first Church congregation met on the Village Green in the late 1700’s. A wooden church was constructed there and used for around thirty years. In 1835, a church built of stone was constructed on the present site. A tragic fire in 1876 destroyed this church and a new one was built on the same property. The parishioners at the time raised the funds for the construction, and the church was completed in 1878. It has served the community for 145 years and is still very active, not only in support of local activities but also in aiding many charitable organizations, including the Country Pantry, Hope House, The Center, Abraham House and the Thea Bowman House. The church also houses a highly successful Fair-Trade Shoppe, one of the largest in New York State.

A fundraising campaign has been organized and donations are appreciated.

Hoosier Cabinets An American Classic

Whenever there has been a need to do something more efficiently or make our lives easier, American ingenuity has always rose to the occasion. That was certainly the case with the introduction of the Hoosier Cabinet, a familiar item in many households in the first decades of the 20th Century.

The Hoosier, as you may be aware, is a cabinet for the kitchen, typically in three parts, which combined to make an ideal work area for the homemaker of the day. Typically, a porcelain work surface was surrounded by a multitude of cupboards and cubbyholes to hold baking supplies, spices and utensils that one would need, all within easy reach and nicely arranged and categorized to simplify the homemaker’s tasks in the kitchen. Almost all would have had a pull out flour bin, some complete with a sifter. There was typically a bread box with a tin lining, sometimes with a stained glass or roll

Hoosier Cabinets
An American Classic

top door. The bottom piece featured a roomy storage area while the upper level had clearly marked areas for spices, extracts, oils, utensils, etc. It is easy to see why these were a homemaker’s dream.

When I first became active in the antiques business over 5 decades ago, Hoosiers were a much sought after item. Any auction that listed one for sale attracted multiple bidders and bidding was often spirited. I chose to write about the Hoosier because of late I have seen some being offered for sale again after several years of not seeing any. From what I’ve seen it appears they have held their value, and when factoring in inflation, they have somewhat increased in value. They are currently commanding prices in the \$500-1000 range, the upper range being reserved for the very finest examples with the best features- stained glass, roll top, flour sifter, etc.

Perhaps you’re fortunate enough to already own one of these iconic cabinets. If not, I hope I have piqued your interest enough to take a look, They are a great piece of Americana and given the fact that they can be repurposed for other applications in the modern home, it is easy to see why they are still desirable some 100 plus years since their introduction. If you’ve always wanted to own one, now may be the perfect time to do so before they disappear from the marketplace again!

Happy collecting!

Alex Sisti, director of the H.A.R.P. Museum John C. Devereux

John C. Devereux Entrepreneur, Statesman, Benefactor

The H.A.R.P. Museum's Cultural Presentation Series continues with a brief history of Utica's most pre-eminent Irish citizen, John C. Devereux.

Most Uticans are passingly familiar with the name "Devereux," although likely from different frames of reference: the Devereux Block, Devereux Estates, Devereux Street, Devereux Lane... even the legendary Devereux Bar; later the John C. Devereux Tavern. But few – far too few – know the extent to which Utica, and Uticans of 200 years ago, owe thanks to the city's most revered Irish citizen, John C. Devereux.

On October 18, 2023, Alex Sisti, director of the H.A.R.P. Museum at the Irish Cultural Center of the Mohawk Valley, will be giving a biographical presentation on John Devereux, beginning with a brief sketch of his French and Irish forebears and immediate family, up to his arrival in Utica in 1802 and his many accomplishments in the years that followed. The presentation closes with a few words on what is being done to recognize his many contributions to the city he called home.

This talk will take place in the H.A.R.P. Museum at 7 PM, on the 2nd floor of the Irish Cultural Center (623 Columbia St., Utica). The talk is free, but interested attendees are asked to register at EventBrite <https://bit.ly/45MWzTa> or leave a message at the ICC 315-733-4228 Extension 6.

Round Grasslands Baskets from Ghana

Baskets are both practical and decorative! We have a very large selection of them in our shop. Our Round Grasslands Basket from Ghana is ideal for storage, carriage, or colorful décor. It is woven in a popular grasslands pattern, crafted by weavers in the Bolgatanga region of Ghana, which enables them to earn a sustainable income. Each one is made from natural elephant grass dyed and woven using traditional techniques, patterns and colors. It makes a great do-it-yourself gift basket! Our Mango Boat Basket is great for taking to the grocery store, farmer's market, or on road trips! This market basket, in warm tropical colors (also handwoven in Ghana) makes an extraordinary impact. The dimensions are approximately 18" h x 15" w x 10" d. These and many, many more uniquely handcrafted gift items from 38 different countries can be found at our Fair Trade Shop, Stone Presbyterian Church, 8 So. Park Row, Clinton. Our hours are 10am to 4pm every Thursday, SECOND Saturdays and EVERY Thursday at the Farmer's Market on the Village Green in Clinton, until October 5th.

Purchasing fair trade items ensures artisans and small farmers fair wages and healthy working conditions, providing dignity, sustainable development and hope for marginalized people. Let us be your go-to Gift Shop! Visit us at <https://buildingstonesshoppes.square.site> or www.facebook.com/buildingstonesfairtradeshoppe.

Grandparents Can Teach Lessons About Money and Investing

Typically, being a grandparent is mainly about fun and games (and candy, of course). But you can choose to do more by helping teach your grandchildren about money, saving, and investing. Remember, the lessons they learn while they’re young may become so engrained they will help guide them well into their adult lives.

You might want to start by talking with their parents to help ensure what you’re going to tell them aligns with what they’re hearing at home. As a result, you should be able to reinforce the lessons their parents are teaching rather than sending conflicting messages.

Begin with the three “buckets”

The next time you slip your grandkids some money (you know you do), consider employing this classic method for teaching the value of money and saving, especially if they’re very young.

The idea is simply to have them divide the money into three “buckets” — whether they’re literal or figurative is up to you:

1. Spending. The first bucket is for them to spend right away on whatever they want, like a toy or a special treat (with their parents’ permission, of course).
2. Saving. The second is for saving for something bigger, and more expensive, they’d like to have down the road. This can teach them about delaying gratification and setting a savings goal. If you’re looking for a good excuse to set up a custodial savings account for them at a bank, this could fit the bill.
3. Giving. Finally, have them use part of the money to help them learn about giving back and supporting a cause they really believe in. Since young children often love animals, the local humane society may be a good place to start.

Introduce investing

When you think they’re ready, introduce them to the potential rewards, and risks, of investing. Help them understand the difference between owning a stock — taking an ownership position in a company that may pay a dividend — and a bond — lending money to a company or government entity in return for interest payments.

Discuss the value of not putting all their eggs in one basket or, in other words, diversification. Explain that a portfolio that’s mainly stocks may have a greater return potential than one that’s primarily bonds but is also likely to experience greater volatility from market activity.

You could also encourage them to begin setting long-term investment goals. Although being able to afford retirement is motivating for adults, it may not resonate with them at this point. However, higher education, a new car, or a fun trip just might work.

Making it real

Since they’ve already learned something about banking through that savings account you (hopefully) helped them open, as they get older, it could be a good time to help make investing real by assisting them with starting an online investment account and providing some start-up funds. Keep in mind you can give up to \$17,000 (\$34,000 for a couple) in 2023 to an individual without incurring gift tax implications.

After they’ve seen firsthand how investing works, explain that as they get older, potentially accumulate assets, and have a more complicated financial situation, they should consider working with a professional financial advisor to help them work toward their long-term goals.

Diversification cannot eliminate the risk of fluctuating prices and uncertain returns.

PRAYER TO THE BLESSED VIRGIN.
(Never known to Fail) O Most
beautiful flower of Mount
Carmel, fruitful vine, splendor
of Heaven, Blessed Mother of the
son of God, Immaculate Virgin,
assist me in my necessity. O
Star of the Sea help me and show
me here you are my mother. O
Holy Mary Mother of God, Queen
of Heaven and Earth, I humbly
beseech you from the bottom of
my heart, to succor me in my
necessity (make request). There
are none that can withstand your
power. O Mary conceived without
sin pray for us who have
recourse to thee (three times).
Holy Mary, I place this cause in
your hands (three times). Say
this prayer for three
consecutive days and then you
must publish and it will be
granted to you. AMD

Rev. Abel Roy is Appointed to
the Clinton United Methodist
Church

Rev. Roy is currently serving his eighth year as the Mohawk District Superintendent. He has served at the Springville United Methodist Church (4 yrs.) and the East Randolph United Methodist Church (15 yrs.) in the Upper New York Conference, and the Huxley and Cambridge United Methodist Churches (9 yrs.) in the Iowa Conference.

His call as a pastor is to equip laity to share the Gospel of Jesus Christ and to serve their neighbors. He embraces Personal Holiness and Social Holiness as the foundation of his ministry. “Faith by itself, if it is not accompanied by action, is dead,” James 2:17.

Rev. Roy and his wife, Rebecca, were both born and raised in Sri Lanka and have been married since 1991. Rebecca is passionate and very involved in the life and ministry of the church. She is a Teaching Assistant in the Special Education department at the Perry Junior High School in New Hartford. They are blessed with two daughters, Abigail (25) who will be pursuing the Physician’s Assistant program at Ithaca College this July, and Priscilla (19) who is a Freshman at Rochester Institute of Technology, majoring in Electrical Engineering.

Rev. Abel Roy considers this appointment as a great opportunity and privilege to serve the Clinton UMC.

Fall Craft Fair planned at
North Utica Community
Center Saturday, October 14th

The North Utica Community Center is hosting a Fall Craft Fair from 10:00 AM to 3:00 PM on Saturday, October 14th, 2023. The Craft Fair is free, open to the public, and benefits the programs of the North Utica Community Center 50 Riverside Drive, Utica.

The Fall Craft Fair will feature a variety of craft specialties with over thirty vendors displaying their goods. A variety of local talent including artists, potters, jewelry makers, soaps and lotions, wreaths, local author, jellies and jams, baked goods, and fresh canned foods will be on hand. There will also be raffles, door prizes and food!

North Utica Community Center is a part of The Neighborhood Center, a comprehensive Human Services Agency in Central New York. The Senior Center is a place where generations can gather, learn, and grow. All services of the Neighborhood Center are based on a philosophy of empowerment - helping people to help themselves. For more information about The Neighborhood Center and its services go to www.neighborhoodctr.org
